

8 Chez Muffy

The food at **Chez Muffy** is steeped in the local terroir and served in a historic location. Attached to Auberge Saint-Antoine in Québec City's Old Port, you'll find the restaurant in a marine warehouse built in 1822. Inside, the colourful furniture and accessories are set off by rustic wood beams, offering a playful contrast that awakens the senses. In the kitchen, the artistry of French chef Arthur Muller plays off the bold flair of chef Alex Bouchard. Together, their cooking expresses Québec's culinary soul in meals at once comforting and sophisticated, in what is hands-down one of the best Québec City restaurants in the old city.
