24 hours in Quebec City

If you have a short period of time to spend in Quebec City, your main focus should be the Old City, cradle of French America and ranked among '*world heritage site*' by UNESCO since 1985. It is the only fortified city north of Mexico, and we promise that you will fall in love with its stunning architecture and culture. Discover its winding streets, stroll in its beautiful parks and lovely boutiques, and taste the unique flavours of this amazing culinary destination. From two to 30-minute walk from our property, you can enjoy a number of sights and attractions.

Before taking off to the Upper Town, drop your bags, and start your visit by Quartier Petit-ChAMPLAIN, located at few steps only from the Auberge Saint-Antoine. Find the oldest merchant's streets in Quebec, with a line-up of local designer boutiques and handcraft, decoration and gifts, as well as many charming restaurants. Then head up by taking the *cassecou* stairs or the funicular, linking the Lower and Upper Town.

When the Old City will no longer hold any secrets for you, come back down via the Old Port, our neighborhood. After a gourmet stop at the Farmers' market, follow Saint-Paul Street, renowned for its antique dealers, then Sault-au-Matelot, the art galleries street, before heading back home to relax at Auberge Saint-Antoine.

You wish to deepen your historical knowledge? Why not take advantage of a walking tour, bus tour or a private driver guide to learn more? It will be our pleasure to introduce you to a personalised path which will satisfy your curiosity following your interest.
