Auberge Saint-Antoine is much more than a boutique hotel. This family-owned establishment is the perfect union of timeless elegance, contemporary comfort, and effortless convenience.

The hotel offers 95 rooms and suites, each one with its own unique history and artifacts. With its own health club, guests can relax and enjoy a wide range of massages and treatments during their stay. Offering a variety of event spaces, the hotel is the ideal venue for wedding celebrations up to 90 guests. Auberge Saint-Antoine offers event spaces to help you create a memorable wedding day, fully serviced and catered by their own chefs. Set within a historic maritime warehouse with natural stone walls and wooden beams, the dining room offers a pleasant atmosphere along with stunning views of the St. Lawrence River.

At Auberge Saint-Antoine, they believe that true luxury has no reason to exist if it is produced at the expense of nature and mankind. Therefore, they make the effort to work in the best possible environmentally friendly manner. With every little step they take, they are committed to limiting their impact on the environment. However, there is always a possibility to push this quest for a 'Zero Impact' further, and they continuously strive to improve their sustainable practices.
